24 August 2015

Consul-General of Greece  
Room 1208, 12 floor  
Harcourt House  
39 Gloucester Road  
Wan Chai, Hong Kong

Dear Consul-General,

Hong Kong PhD Fellowship Scheme

I am delighted to inform you that the Research Grants Council of Hong Kong is launching the Seventh Round of the Hong Kong PhD Fellowship Scheme (the "Scheme"). The Scheme aims to attract top international students to pursue PhD studies in Hong Kong's world-class research institutions. The fellowship provides a monthly stipend of HK\$20,000 (approx. US\$2,600) and a conference and research related travel allowance of HK\$10,000 (approx. US\$1,300) per year for a period of three years. More than 230 fellowships will be awarded for PhD studies commencing in the 2016/17 academic year. The deadline for initial application is 1 December 2015.

I have pleasure in enclosing posters and leaflets of the Scheme for your information, and should be much grateful if you would grant assistance in posting or circulating them to interested parties of your university / institution. Electronic versions of the above-mentioned publicity materials are available ~~online for download:~~

HONG KONG

# HONG KONG PHD FELLOWSHIP SCHEME

Experience world-class academic  
programmes and research  
opportunities in Asia's World City

## 2016/17

4/6

## Welcome from the Chairman, Research Grants Council of Hong Kong

The Research Grants Council (RGC) of the Hong Kong University Grants Committee (UGC) is committed to promoting world-class research in Hong Kong. Through our PhD Fellowships, Hong Kong's outstanding universities offer research opportunities in a broad range of PhD programmes, with generous stipends and excellent support for the best and brightest students in the world. On behalf of the RGC, I proudly present you the Hong Kong PhD Fellowship Scheme 2016/17.

Established by the RGC in 2008, the prestigious Hong Kong PhD Fellowship Scheme has brought more than one thousand top students from over sixty countries/regions to Hong Kong to undertake PhD studies in our world-class research institutions in fields ranging from humanities, business and social sciences, to engineering, medical and physical sciences. Following the success in the first six rounds, we are looking for talented people who wish to pursue their PhD studies in Hong Kong, and aspire to be research elites of the time to take part in the Seventh Round, study awards of which will commence in the 2016/17 academic year.

Hong Kong, long an international business and finance centre, draws talent from all corners of the globe. Our research universities have strong dynamism and drive, with international faculty and students excelling in the forefront of research. Our Fellowship programme unites cultural diversity and a rich research environment.

Hong Kong's institutions are extending the boundaries of various fields including sciences, engineering, humanities, arts, social sciences, medicine, biotechnology, business, and specialisations such as textile design, supply chain and manufacturing.

Our universities host some of Asia's – and the world's – best facilities and programmes, from our world-class business management programmes to pioneering research in areas such as avian influenza, China studies, telecommunications, liver transplantation, Chinese medicine, plant and agricultural biotechnology and environmental studies. With English as the medium of instruction and research institutions steeped in international collaboration, research and career opportunities abound.

I encourage you to learn more about Asia's World City and the opportunities our universities present. A culturally rich, cosmopolitan city set amidst the sea and mountains, nestled against China and its rich heritage, Hong Kong and its research institutions offer the world's best and brightest students an ideal place to study, live and work.

I look forward to welcoming you to Hong Kong.

Professor Benjamin Wah  
Chairman, Research Grants Council  
Hong Kong, China

### Initial application deadline

1 December 2015 at 12:00 noon Hong Kong Time (GMT +8 hours)

### Enquiries

For enquiries on the Hong Kong PhD Fellowship Scheme, please write to [hkpf@ugc.edu.hk](mailto:hkpf@ugc.edu.hk). For enquiries on admission requirements, eligibility criteria for research programmes, application methods and deadlines, regulations and policy of individual institutions, please contact the relevant institutions direct.

After completing an initial application, applicants should submit full applications for their selected PhD programmes to the proposed institutions (quoting their HKPFS Reference Number) before the deadlines of individual institutions. As deadlines for submission of full applications to institutions may immediately follow that for initial application, candidates should consult the relevant institutions regarding the application deadlines to ensure that they have sufficient time to submit full applications.
