

**EASA MALTA 2015**  
**31 / 7 - 15 / 8**

The European Architecture Students Assembly (EASA) is a platform for exchange of ideas and knowledge for European students of architecture. This is achieved primarily by the EASA-Summer Assembly and also by the SESAM (Small European Students of Architecture Meeting), and the INCM (Intermediate National Contact Meeting). This exchange should continue throughout the year and could be achieved by ongoing communications between the events. EASA is not an established organisation but a non-political and non-profit network aimed at bringing people together. The essence of the EASA, since its beginning in Liverpool in 1981, is maintained by the 'EASA spirit' – easy to feel but difficult to describe.
