

11th 3D Geoinfo Conference
20-21 October, 2016

5th International Workshop on 3D Cadastres
18-20 October, 2016

Aegli Zappiou, Athens, Greece

Dear colleagues,

It is our great pleasure to invite you to participate to the **3D Athens 2016 Conference**, which will be held in **Athens**, Greece from **18-21 October 2016**, as a Joint Event of the **11th 3D Geoinfo Conference** and the **5th International FIG Workshop on 3D Cadastres**.

The **11th 3D GeoInfo Conference**, taking place from 20-21 October 2016, aims at bringing together international researchers from academia, industry and government in the field of 3D geoinformation. The conference offers an interdisciplinary forum to researchers in 3D data collection, advanced 3D modeling approaches, 3D data analysis and visualization.

The **5th International FIG Workshop on 3D Cadastres**, taking place from 18-20 October 2016, addresses topics related to 3D Cadastre operational experiences, 4D/5D Cadastres, 3D Cadastre web-based dissemination, standardization, legal aspects for 3D Cadastre, mega cities and developing countries.

Papers will be published online on the conference's web-site, while selected papers will be included in **ISPRS Archives & Annals** (from the 3D Geoinfo submissions) and in **ISPRS International Journal of Geo-Information** (from the 3D Cadastres submissions), after review.

Parallel to the conference, a **3D indoor workshop**, as well as **tutorial courses** are also scheduled.

For more information on the joint event as well as information about Athens and the conference venue, you can:
